HOSPITAL
FOUNDATION

TRANSFORMING COMMUNITY HEALTHCARE. WITH YOUR SUPPORT.

ALISON JOHANSEN, PICTURED HERE WITH HER HUSBAND BRAD, DAUGHTERS ALEXIS AND BROOKE, AND FUTURE SON-IN-LAW JORDAN SHUMAY

A MESSAGE FROM EAGLE RIDGE HOSPITAL FOUNDATION'S BOARD CHAIR, ALISON JOHANSEN

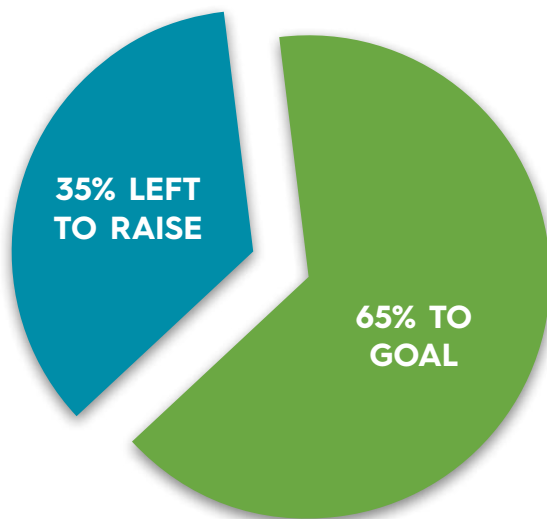

On behalf of Eagle Ridge Hospital **Foundation** – simply, **thank you!**

Eagle Ridge Hospital is known for its legendary care. We, the residents of the Tri-Cities, Anmore and Belcarra, deserve to have that tradition of legendary care continued and improved, which is why I am so pleased that our dream of an expanded hospital is now a reality.

Over the past 11 years as Board Chair of the Foundation, I have been fortunate to have met and interacted with so many passionate members of our community, many of whom have recently joined me and my family, in supporting our campaign to raise \$5 million to support the expansion of our Hospital. The generosity of individuals, families and businesses has been overwhelming – we are well past the half way mark thanks to our collective commitment to keep working together to reach this momentous goal. I am confident that together we can do it!

Your support ensures the Foundation can continue on its mission to enhance health care services in the Tri-Cities Region through philanthropy and advocacy. In closing, again I wish a heartfelt thank you to you all.

ERH EXPANSION CAPITAL CAMPAIGN

DO **SOMETHING.** BE **REMEMBERED.**

KELLY AND GLEN HOBBS, FORMER OWNERS, WESTWOOD CYCLE STORES

"Our families have 100 year-old, deep roots in the Tri-Cities, so giving back to this community is an important part of who we are. We chose to donate to the new Community Outpatient Services space because I have Leukemia, like my grandma, both parents, and cousins before me. For the past five years I've had aggressive treatment with every imaginable complication, amplifying my fear of needles. I wanted to own that fear and that's one of the reasons why we decided to give.

Each month, I go to the Outpatient IV Therapy Clinic at ERH for an entire day of treatment along with other members of my community. What is common amongst us all is that we all do better with the support of our loved ones; having Kelly at my side gives me immeasurable calmness. Unfortunately, the current physical space doesn't allow for this. My hope is that our meaningful donation will give comfort to others using the IV Therapy Clinic; if this happens I know we've made a difference! We are proud to leave a "Hobbis Family Legacy" in the community that has treated us so well for almost 100 years." - Glen Hobbis

LAST YEAR, OUR COMMUNITY OUTPATIENT SERVICES
CLINICS TREATED 18,000 PATIENTS;
THAT'S AN AVERAGE OF 50 PATIENTS A DAY!

CLOSE TO HOME. FAR FROM ORDINARY

JIM PEACOCK, PICTURED WITH DAUGHTERS VIRGINIA BALCOM, KERRY PEACOCK, PEGGI PEACOCK AND ERHF EXECUTIVE DIRECTOR CHARLENE GIOVANNETTI-KING

“The most amazing thing that has happened in my life is my wife, Jean. We were married just short of 67 years when she died this past September. She was a marvelous person with a medical history that would fill a book, but she always had concerns for other people. Given her history with the Hospital, as a volunteer when it first opened, and her relationship with the staff there over the past several years, we decided, when we celebrated our 65th wedding anniversary, to make a contribution towards the campaign for the expansion that is now taking place.

Our gift, along with our daughters, and a number of others who made contributions to the Jean Peacock Memorial Fund, has allowed us all to do something in her memory that would make her smile. She was just an amazing woman and to be able to share our lives as long as we did was a great privilege. Thank you to Dr. Leung, her Cardiologist, and everyone at Eagle Ridge Hospital who gave us so much more time with her.” - Jim Peacock

LAST YEAR, WE PERFORMED OVER 19,770 TESTS DUE TO CARDIAC RELATED VISITS TO THE EMERGENCY DEPARTMENT.

GIVE. WHERE YOU LIVE.

REPRESENTATIVES FROM THE EAGLE RIDGE HOSPITAL AUXILIARY (LEFT TO RIGHT) - DIANA WISE, DAWN NOSKE, PRESIDENT BARBARA WORWOOD, VELDA BOYLE, AND CONNIE LAWLESS

“The Eagle Ridge Hospital Auxiliary is made up entirely of volunteers and exists as a group today to support the greatest needs at Eagle Ridge Hospital, a place where every day we get to experience a wonderful sense of community. As an Auxiliary, we’ve now come full circle. We struggled and worked tirelessly to help build the Hospital and now that it is exceeding its capacity. We’re working again to make sure that this Hospital is not only here, but functioning and succeeding for years to come. Over 53,000 people visited our Emergency Department last year and that number is growing as our community grows; this is a much needed expansion, with hopefully more to come. We are and will continually work to support the needs of

our Hospital and community because the joy that we get from giving is really a good feeling!”
 - Barbara Worwood, Auxiliary President

YEAR	# OF PATIENTS ADMITTED THROUGH EMERGENCY	# OF EMERGENCY DEPARTMENT VISITS
2011/12	3,913	44,864
2012/13	4,092	45,932
2013/14	4,424	47,455
2014/15	4,439	49,529
2015/16	4,361	51,380
2016/17	4,403	50,610
2017/18	4,326	52,817
2018/19	4,331	53,057

LAST YEAR,
53,057 VISITS WERE MADE TO OUR EMERGENCY DEPARTMENT.

WHEN YOU NEED US. LOCATION IS EVERYTHING

We have a strong vision for the future and it starts with a newly expanded Hospital. The current Emergency Department is significantly undersized, overcrowded and congested resulting in less than ideal delivery of care and support services. The new design addresses and corrects these deficiencies. Coupled with our vision for an expanded Emergency Department is the expansion of Cardiology and our Community Outpatient Services Departments.

The estimated cost to expand ERH is \$27.6 million. Funding, in the amount of \$22.6 million, will be provided by the Ministry of Health/ Fraser Health and through a \$5 million private sector fundraising campaign led by Eagle Ridge Hospital Foundation.

DR. MICHAEL MOSTRENKO PICTURED WITH HIS SON, WILLIAM

WHY IS THIS NEEDED

1. Population growth continues
2. One entry for ambulances and walk-ins
3. Insufficient waiting room spaces
4. Treatment spaces lack of privacy
5. No negative pressure isolation rooms
6. Insufficient safe, secure care spaces for psychiatric/substance use
7. Insufficient decontamination space
8. Resuscitation space is visible to other patients
9. Design and layout are inadequate
10. Insufficient space for pre-triage, ambulance, police and patients
11. Lack of private washrooms
12. Three cardiologists serve a growing cardiac care program

WHAT IS GOING TO BE BETTER

1. Increased patient and service capacity
2. Separate entry for ambulances and walk-ins
3. Three patient waiting areas, with a dedicated family and child centered space
4. Patients have the privacy, care and attention they deserve
5. Safely contain contagious diseases, protect staff and all patients
6. Proper stabilization space for patients in crisis
7. Decontamination in a safe, secure manner
8. Minimized fear and anxiety for patients and their loved ones
9. Increased treatment spaces from 19 to 39
10. Patient registration is confidential
11. Decontamination suites have private ensuite thus improving infection control
12. Addition of a fourth cardiologist enables the opening of a pacemaker clinic

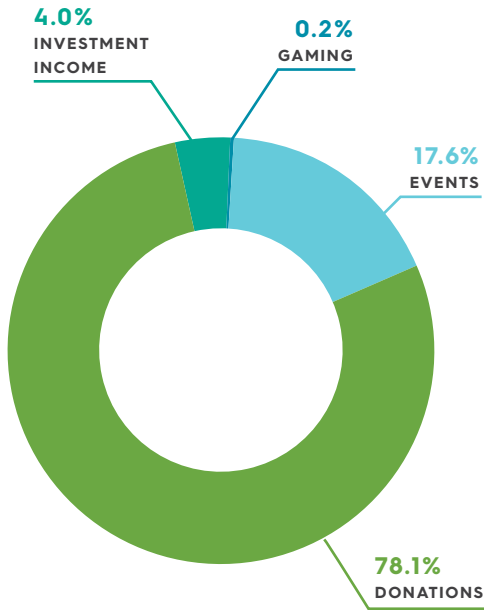

COMMUNITY ENGAGEMENT THROUGHOUT PROJECT

LEGENDARY CARE. WE DESERVE IT

DOLLARS DISBURSED

FOR THE FISCAL PERIOD ENDING MARCH 31 2019

A MESSAGE FROM EAGLE RIDGE HOSPITAL FOUNDATION'S EXECUTIVE DIRECTOR, CHARLENE GIOVANNETTI-KING

Last year was an incredible year at Eagle Ridge Hospital Foundation thanks to our donor community, so I'd like to start by thanking all of you for your tremendous support.

Eagle Ridge Hospital has a strong reputation rooted in our history - one that is compassionate in its approach while delivering best-in-class care to our growing community. We, along with you, want to see this legacy continue, which is why we are championing a \$5 million campaign to expand and redevelop the Emergency, Cardiology, and Community Outpatient Services Departments at ERH - an expansion that has moved from concept to reality! As of March, 2019 construction has begun, meaning our family, friends and neighbours will get the **Legendary Care, We Deserve.**

That said, the heavy lifting isn't over, we are 65% of the way to our \$5 million goal, which will continue to be our focus this coming year. We are excited to have our community behind us and invite you to join us on this journey. Together, we can make a positive and lasting difference for you, the residents who live, work and play in our communities - offering you a new era of Emergency, Cardiology and Community Outpatient Services Care - close to home.
